

The Center at Spring Street New Membership Levels - 2019

The programs offered at the Center at Spring Street are possible because of support from government agencies, business and community supporters and the center members. Over the next three years we will have our government funding cut by \$50,000. When this information was presented to the Center membership in August, a number of members suggested increasing the yearly dues.

Instead of increasing the dues to everyone, we have created membership levels so that each member can support their center at the level that they feel comfortable with. We have created different recognitions for each level. You can upgrade your membership level the month your membership renews or you can renew early and you will receive a prorated discount based on the dues you have already paid. As a small way to say thank you for your support, we have added recognition items to each level.

The additional funds raised will ensure that our center stays open providing hot meals, fun activities, friendship and fellowship. If you have any questions, please speak to one of our center staff.
